Chapter 165 of the Acts of the Acts of the
General Assembly of Indiana of 1939

Embalmers' and Funeral Directors' Law

(H.B. 260, Approved March 10, 1939)

AN ACT to establish a state board of embalmers and funeral directors; to provide a system of examinations for embalmers' licenses and funeral directors' licenses; to provide for the registration and licensing of embalmers and funeral directors to practice their profession in the state of Indiana; to provide for the better protection of life and health, and the prevention of the spread of infectious and contagious diseases; to provide regulations for the revoking of embalmers' licenses and funeral directors' licenses by the state board of embalmers and funeral directors; defining violations hereof and fixing penalties therefor; and repealing all laws in conflict herewith.

Declaration of Public Policy.

Section 1. Be it enacted by the General Assembly of the State of Indiana, That it is hereby declared that this act shall be deemed an exercise of the health powers of the state for the prevention of the spread of infectious and contagious diseases; for the protection of the sanitation, health and welfare of the people of the state and that all of the provisions of this act and regulations authorized to be made are necessary to effectuate its purpose; and all of the provisions of this act shall be construed liberally.

Present State Board of Embalmers' and Directors' Continued—Vacancies—Governor to Fill.

Sec. 2. The present state board of embalmers and funeral directors, now acting under appointment by the governor of the state of Indiana, is hereby declared to be officially appointed and commissioned for all intents and purposes of this act, and shall continue with the duties and obligations heretofore conferred upon it and the duties and obligations as set out in this act and the members thereof shall serve to the end of their respective terms for which they have been appointed, unless sooner removed for cause, and said board shall be perpetuated and continued through appointment made by the governor to fill all vacancies which may hereafter occur either through death, resignation or expiration of term of office as provided in section 3 of this act.

Members of Board—Qualifications—Terms—Compensation.

Sec. 3. Chapter 332 of the Acts of the Acts of the General Assembly of Indiana of 1945, Senate Bill No. 194, Approved March 9th, 1945.

AN ACT to amend Section 3 of an Act entitled "An Act to establish a State Board of Embalmers and Funeral Directors; to provide a system of examinations for embalmers' licenses and funeral directors' licenses to provide for the registration and licensing of embalmers and funeral directors to practice their profession in the state of Indiana; to provide for the better protection of life and health, and the prevention of the spread of infections and contagious diseases; to provide regulations for the revoking of embalmers' licenses and funeral directors' licenses by the State Board of Embalmers and Funeral Directors; defining violations hereof and fixing penalties therefor; and repealing all laws in conflict herewith" approved March 10, 1939, and declaring an emergency".

Section 1. That Section 3 of the above entitled Act be amended to read as follows: Section 3. There is hereby established a State Board of Embalmers and Funeral Directors. Said board shall consist of six members five of whom shall be both practical and practicing licensed embalmers and also practicing and licensed funeral directors and who shall then be practicing their profession and business in the state of Indiana. The sixth member shall be the Secretary of the State Board of Health ex officio. That all appointments hereafter made on said board shall be for the term of four years, except such appointment as shall be made for unexpired terms. That all appointments hereafter made to fill vacancies made on said board by death, resignation or removal during a term, shall be made by the Governor for the remainder of such term only. And that the Governor shall, under this Act, appoint successors to the present members of said board in the order that their present appointments expires; and according to the qualifications above set out in this section.

The members of said board, except the Secretary of the State Board of Health, before entering upon their duties, respectively, shall take and subscribe to the oath of office provided for other state officers and the same shall be filed in the office of the Secretary of State; and the Secretary of State is hereby authorized and directed to administer such in the line of his duty. The Governor shall appoint one of the members as chairman of said board, and the board shall elect one of its members as chairman pro tempore, who shall serve in the chairman's absence. The board, with the approval of the Governor, shall select a secretary-treasurer and fix his compensation, which shall not exceed three thousand dollars (\$3,000.00) per annum, plus an allowance for necessary travel. The board, with the consent of the Governor, shall employ an agent or agents, whose title shall be Inspector of the Indiana Board of Embalmers and Funeral Directors, and who shall serve at the discretion of the board and be paid a salary to be fixed by the Governor and the board, plus necessary traveling expenses. The board may employ such other assistants as it may deem necessary and fix the qualifications, compensations and duties thereof. The mem-

bers of the board, other than the secretary-treasurer, shall receive no salary but shall be allowed necessary traveling expenses and such other expenses incident to and attendant upon the business of the board, and each member thereof, except Secretary of the State Board of Health, shall receive ten dollars (\$10.00) per diem for each day actually spent by the respective members upon the business of the board, all of which shall be paid out of receipts of the board as hereinafter set out.

Definition of Terms.

Sec. 4. The following terms wherever used or referred to in this act, shall have the following meaning, unless the context clearly requires otherwise;

(a) The term "board" shall mean the state board of embalmers and funeral directors of Indiana.

(b) The term "embalming" shall be construed to mean the preservation and disinfection or attempted preservation and disinfection of the dead human body by application of chemicals, externally or internally or both.

(c) The term "embalmer's license" shall mean a professional license issued by the state board of embalmers and funeral directors to an individual for the purpose of licensing him to operate as a professional embalmer in the state of Indiana.

(d) The term "funeral directing" or "funeral director" shall mean the business and profession of directing or supervising funerals, or the business and profession of preparing dead human bodies for burial in any manner; by preservation and disinfection or attempted preservation and disinfection by application of chemicals, externally or internally or both, or the disposition of dead human bodies in any manner whatsoever, or the provision or maintenance of a place for preparation for disposition, or for the care or disposition of dead human bodies, or for the conduct of funerals, or the use in connection with a business of the word or words, term or terms, "funeral director," "undertaker", "mortician" or any other word or term from which can be implied the business of funeral directing or the holding out to the public that one is a funeral director or is maintaining a place pertaining to the funeral business.

(e) The term "funeral director's license" shall mean the license issued by the Indiana state board of embalmers and funeral directors to an individual, being a resident of Indiana, for the purpose of licensing him to engage in the profession and business of a funeral director or funeral directing at a designated place and in compliance with the requirements defined, set out and authorized in this act.

A "funeral director's license" as used in this act shall be construed to mean a business-professional license, issued to individuals for the purposes set forth in this act, and because of the business and health features of such license, the issuance thereof shall be subject to the

requirements of this act and whatever requirements or requirements deemed necessary by the board in its rules and regulations to limit the operation thereunder to a designated place within the state of Indiana. Any individual who holds himself out to the public as a funeral director, or who manages, supervises and has a financial interest in the operation of a mortuary, funeral home or funeral business, is required to obtain a funeral director's license according to the provisions of this act.

(f) The term "individual" or "person" shall mean natural persons only. The singular shall include the plural and the masculine gender includes the feminine.

(g) Upon compliance with the terms of this act in respect to obtaining a funeral director's license, the manager of any non-profit co-operative association which does business only with its members, shall be licensed as a funeral director under this act and shall be authorized to engage in and carry on the business of funeral directing for said association, but the property of said association and the conduct of the business of said association by the manager shall be subject to the same inspection and control and other limitations as are applicable to individual licenses hereunder. Any such association heretofore formed may conduct business in the name of the association.

Power and Duties of the Board.

Section 5. The board is hereby empowered to:

(a) Investigate and report violations of this act and violations of the rules and regulations of the board to the prosecuting attorney of the county in which such violations are committed, or to the attorney general or to the grand jury of the county in which such violations are committed.

(b) Make, promulgate, alter, amend or repeal rules and regulations for the conduct of the meetings of the board, and for the holding of license examinations and license revocation hearings before such board for the granting and revocation of license, for the practice of embalming and the operation of funeral homes and establishments, and for the enforcement of any of the rules and regulations adopted and promulgated by the board and as set out in this act.

(c) Examine and inspect all premises and equipment, used or proposed to be used by licensed funeral directors or applicants for such licenses, and to determine the suitability of such premises and the adequacy of such equipment as a basis for the issuance of an initial funeral director's license or the yearly renewal of the funeral director's license or the refusal to so issue.

(d) Hold examinations for embalmers' licenses and funeral directors' licenses at times and places prescribed by the board, provided, however, that embalmers' examinations shall be held not less often than once in each calendar year, and funeral director examinations shall be held not less often than semi-annually.

(e) Issue embalmers' licenses and funeral directors' licenses to individuals as provided by this act and prescribed by the rules and regulations of the board.

(f) Refuse to issue or to revoke issued embalmers' licenses and funeral directors' licenses for causes provided in this act or prescribed in the rules and regulations adopted and promulgated by the board.

(g) To fix or provide by rule or regulation the standards of ethical practice to which licensed funeral directors must adhere.

(h) To require the aid of the state and any and all local boards of health and health officials throughout the state of Indiana in fixing and enforcing standards of cleanliness, disinfection and sanitation for all premises which are used in the business of embalming or funeral directing.

(i) To issue provisional or temporary licenses as in this act provided.

**Embalmers' and Funeral Directors'—Licensed Required Qualifications—
Price Advertising Prohibited.**

Sec. 6. It shall be unlawful for any person to act, directly or indirectly, as an embalmer or funeral director, or to engage in the embalming or funeral directing profession and business, or to hold himself out as so acting or being so engaged, unless and until such person has been licensed by the state board of embalmers and funeral directors, pursuant to the provisions of this act, to so act or to be so engaged. Dead human bodies shall be in no way prepared for burial except in an approved embalming room by an embalmer licensed to do embalming in the state of Indiana, nor shall any permit for the burial of a dead human body be issued by any health officer in this state to any person other than a duly licensed funeral director.

On or after the passage date of this act, no funeral home, establishment, or any other place pertaining to funeral directing or the conducting of funerals, shall be established and operated in the state of Indiana under any name other than that of the holder of an Indiana funeral director's license or the holders of Indiana funeral directors' licenses under whose direction and management such establishment is operated and for which such license has been issued. Natural persons only shall be eligible to apply for a funeral director's license and no person shall hereafter be granted an initial funeral director's license to operate as the full-time funeral director of more than one establishment at one time. When more than one person propose to engage in the funeral directing business, either as partners, or in some other non-corporate association, it shall be necessary for all persons in such partnership or other non-corporate association, regardless of the degree of financial participation except those who are members of a non-profit or cooperative association, such as described in subsection (g) of section 4 thereof, to secure a license to operate as a funeral director from the state board of embalmers and funeral directors. Provided,

however, that the owners of any funeral home, mortuary or establishment which has been licensed prior to the effective date of this act to operate under a firm, trade or corporate name, shall be permitted the continued use of such name and be authorized to transfer and re-transfer, sell and resell such funeral home, mortuary or establishment to any Indiana licensed funeral directors and to include as part of the consideration for such transfer or re-transfer, sale or resale the continued use of such firm, trade or corporate name, or any portion thereof of which the purchaser of transferee may so desire to use.

It shall be unlawful for any individual or individuals so licensed to advertise under any name other than that which is according to the above requirement registered with the board. It shall be unlawful for any individual or individuals so licensed to advertise the price of services, merchandise and equipment to the public or to advertise any portion thereof as being offered free to the public. By advertising is meant any form of printed matter, newspaper or otherwise, holding out such facts to the public.

From and after the effective date of this act, any person desiring to become a licensed embalmer shall submit to the state board of embalmers and funeral directors satisfactory evidence that such person:

- (a) Has attained the age of 21 years;
- (b) Has been graduated by an accredited high school;
- (c) Has successfully completed a one year's course in a recognized college of embalming which is acceptable to and accredited by the board;
- (d) Has filed an application with the board for any examination as to his fitness, on a form prescribed by the board, at a time not later than fifteen days prior to the date set by the board for such examinations and has successfully passed said examination as required by the board in its rules and regulations. Such application shall be accompanied by the fee hereinafter prescribed in this act.

Embalmers' licenses heretofore issued by the state board of embalmers and by the state board of embalmers and funeral directors, and which are in effect on the effective date of this act, are hereby continued in full force and effect.

From and after the effective date of this act, any person desiring to become a licensed funeral director shall submit to the state board of embalmers and funeral directors satisfactory evidence that such person:

- (a) Has been a legal resident of the state of Indiana for a period of two years immediately prior to the filing of his application;
- (b) Has served at least two years continuous apprenticeship under an Indiana licensed funeral director prior to the filing of his application;
- (c) Has held an Indiana license as an embalmer for a period of two years immediately prior to the filing of his application;

(d) Has filed an application with the board for an examination as to his fitness, on a form prescribed by the board, at a time not later than fifteen days prior to the date set by the board for such examinations and has successfully passed said examination as required by the board in its rules and regulations.

(e) In lieu of any and all requisites and requirements set forth in subsection (b), (c) and (d) of this section, the board shall issue a funeral director's license to any individual who files an application to be so licensed with the board on a form prescribed by the board, if said application is accompanied by a signed or verified copy of partnership agreement which discloses that the applicant for such license proposes to associate or is associated as a partner in the funeral directing business with the holder of an Indiana embalmer's license and that said holder of such embalmer's license is the bona fide owner of at least one-third interest in the partnership funeral directing business.

Said board shall hold not less than one meeting annually for the purpose of examining applicants for embalmers' licenses and not less than two meetings annually for the purpose of examining applicants for funeral directors' licenses, such examinations to be at the time or times and place or places designated by the board. All manuscripts submitted as answers to questions on the examination shall be kept on file for a period not to exceed ninety days by said board and shall be made available for reviews by the applicant in the presence of a member of the board during said period.

All applications for examinations under this act shall be made upon forms to be provided by said board, and shall be subscribed and sworn to before some officer authorized to administer oaths; and, for the purposes of this act only, each member of said state board of embalmers and funeral directors is hereby vested with authority to administer all oaths required in connection with all applications, examinations, charges, trials and hearings provided for in this act or in the rules and regulations of the board.

Annual Renewal of Licenses Required.

Sec. 7. Funeral directors' licenses heretofore issued by the state board of embalmers and funeral directors are hereby cancelled and annulled. The owners of funeral firms and establishments which have been heretofore licensed by the state board of embalmers and funeral directors, pursuant to the provisions of Chapter 62 of the Acts of the General Assembly of Indiana of 1923, as amended, and who are on the effective date of this act actively engaged in the profession and business of funeral directing as herein defined, as licensed embalmers and funeral directors, shall be licensed to engage in the business and profession of funeral directing, under this act, without examination, upon filing an application to be so licensed with the state board of embalmers and funeral directors, on a form prescribed by the board, within ninety days from the effective date of this act. Such application shall be accompanied by such proper evidence of identification, ownership and

previous licensing, as the board may deem necessary, and for this purpose the board may consider the information heretofore submitted in the embalmers' and funeral directors' license renewal applications to the board for renewal licenses for the calendar year, 1939, and by a license transfer fee in an amount which shall be determined by the board, but which in no event will exceed two dollars.

Before any such application shall be considered and approved by the board, the individual must show to the satisfaction of the board that he has a bona fide business or financial interest in a now existing funeral firm, partnership or corporation. Upon receipt of said license, the individual licensees shall hereafter comply with all of the requirements set out in this act or set out in the rules and regulations adopted and promulgated by the board regarding the annual renewal of said licenses.

Failure to Renew—Automatic Cancellation.

Sec. 8. All embalmers' licenses and funeral directors' licenses hereafter issued shall automatically terminate on the 31st day of December in each calendar year. On or before the last day of each calendar year each embalmer or funeral director hereafter licensed to act as an embalmer or funeral director or to engage in the funeral directing business shall transmit to the secretary-treasurer of the state board of embalmers and funeral directors an application for renewal of his license, together with the fee for such renewal hereinafter prescribed. If any holder of an embalmer's license or funeral director's license neglects to secure the renewal certificate herein provided for by March 1 of the calendar year succeeding the previous renewal date, such neglect shall, without any action by the board, automatically cancel and annul the license previously granted, together with any related renewal certificate, and no renewal license shall be issued until a regularly prescribed reexamination has been passed by the applicant to the satisfaction of the board. Provided, however, that any license may be renewed by the board, subsequent to its expiration date and prior to March 1 of the next succeeding calendar year upon payment by the applicant of the required renewal fee and a penalty of ten dollars.

Fees for Examinations—Renewals—Branch Establishments.

Sec. 9. There shall be paid to the state board of embalmers and funeral directors the following fees set out in this act:

(a) Embalmers' examination fee: A ten dollar examination fee shall be required of each applicant taking an examination for an embalmer's license.

(b) Embalmer's license renewal fee: The board shall determine and fix a fee in an amount not to exceed five dollars for the annual renewal of each embalmer's license.

(c) Funeral director's examination fee: An examination fee shall be required of each applicant taking an examination for a funeral direc-

tor's license in an amount which shall be determined by the board, but not to exceed ten dollars.

(d) Funeral director's license renewal fee. The board shall determine and fix a fee in an amount not to exceed five dollars for the annual renewal of each funeral director's license.

(e) Re-examination fee: All applicants failing to pass examinations for either funeral director's license or embalmer's license shall be required to file new applications and pay the fee prescribed for original examinations.

(f) Fees and requirements for operating more than one establishment: Any individual or group of individuals who are, after the effective date of this act, initially licensed to open or establish a funeral home, mortuary or "branch establishment" shall pay in addition to all other fees heretofore provided an annual fee of fifteen dollars for operating each establishment so licensed.

Each establishment opened after the passage of this act for the rendering of any service pertaining to the funeral business, such as the preparation of the dead, the conduct of funerals, the disposition of the dead and any other service pertaining to mortuary practice or funeral directing, as set out in this act, shall be at all times in the personal charge of and constantly under, the supervision of a licensed funeral director of the state of Indiana and each such establishment so opened or established must meet the same requirements as set forth in this act and prescribed by the board in its rules and regulations for the operation of an original establishment, and shall be operated by a licensed funeral director or directors and comply with the rules of the Indiana state board of health and any and all provisions set out in this act.

Temporary Licenses.

Sec. 10. Any license issued pursuant to the provisions of this act shall automatically cease to exist upon the death of the licensee. On and after the effective date of this act, the board shall, because of death or other emergencies affecting the active status of a license or affecting the business of the licensee or the firm operated by the licensee, have power to issue temporary licenses to individuals who, because of such death or other emergency affecting such licensee, have acquired a managerial interest in the property of the licensee. Such temporary license shall be issued for the express purpose of authorizing temporary operation of the funeral directing establishment of the licensee until such time as may be necessary to dispose of it or to meet such emergency as may have arisen, and may be revoked or renewed at the discretion of the board.

Revocation of Licenses—Appeal from Decisions of the Board.

Sec. 11. The board may refuse to grant or renew a license, or may revoke a license for the following reasons:

(a) If the applicant therefor or holder thereof obtained such license by fraud or misrepresentation, either in applying for said license or in passing the examination for said license;

(b) If the holder thereof shall be guilty of violating any section of this act or any rule or regulation of the board, or any rule or regulation of the state or municipal board of health, governing the disposition of dead human bodies;

(c) If the holder thereof shall sign a certificate stating that he embalmed or prepared a dead human body for burial, whereas, in fact, someone else did it;'

(d) If the holder thereof shall be guilty of taking any undue advantage of his patrons or shall be guilty of any fraudulent act in the conduct of his business; or has promoted or is promoting, or has participated in or is participating in any scheme or plan in the nature of a burial association or a burial certificate or membership certificate plan. Whenever the board shall have reason to believe that any person to whom an embalmer's license or funeral director's license has been issued under the provisions of this act has become unfitted or incompetent to practice the science of embalming and funeral directing or has violated any of the provisions of this act, or has violated any rule or regulation heretofore made and promulgated by the state board of embalmers and funeral directors, or heretofore or hereafter made and promulgated by the state board of health or hereafter made and promulgated by the board of embalmers and funeral directors for the preparation, embalming, shipping or burial or disposition of dead human bodies, or has been convicted of a felony and such conviction has not been appealed from, or wherever complaint of a licensed embalmer or funeral director or any member of said board or any other person has been filed with said board charging any licensed embalmer or funeral director with any violation of the provisions of this act, or of the rules or regulations of the state board of health applying to the preparation, embalming, shipping or burial or disposition of dead human bodies, then it shall be the duty of said board to notify the person so complained of.

It shall be the duty of said board to hold the hearing hereinafter provided for within thirty days: Provided, however, that before a license shall be suspended or revoked, the licensee shall be furnished with a written copy of the charges against him and a hearing shall be had before the board at such time and place as they may fix upon, and at least ten (10) days' notice in writing to the licensee to determine whether such license shall be suspended or revoked, which notice may be served either by registered mail with return receipt, addressed to such licensee at the address shown in his application, or in the manner provided by law for the service of summons.

At the time and place fixed for the hearing, the licensee may appear in person and by counsel, and such charges shall be deemed denied without any answer thereto, unless the licensee desires to file an answer. The hearing shall be conducted in a summary manner under such pro-

cedure as the rules and regulations may prescribe and the board shall hear and receive all the evidence and arguments offered by both parties, and shall afford the licensee full opportunity to present all defenses available to him. The board, after such hearing, shall render such decision and make such order in the premises as it may deem just, either dismissing the proceedings or suspending the license for any fixed period, or revoking the license, which order shall be forthwith mailed by registered mail, with return receipt to or served personally upon such licensee, and Provided, further, that any licensee affected adversely by any such decision and order of the board may appeal therefrom to the Circuit Court or Superior Court of the county in which a funeral home is operated by the licensee, by filing in such court at any time within thirty (30) days after the day on which such decision and order is entered of record, a complaint to rehear such charges, which complaint shall name the members of the board as the defendants, and it shall be sufficient if it set out a copy of the charges and of any answer filed upon which such hearing was conducted, and recite generally the conduct of such hearing and the decision and order made therein, and pray for a new hearing and judgment by the court.

The party appealing shall file at said time, with the complaint, a bond with such surety or sureties as the clerk of such court may approve, conditioned to pay all costs if such appeal be decided adversely to the appellant, and he shall also cause summonses to be issued and served upon members of said board as in other civil actions. Either the Attorney-General of the State or the Prosecuting Attorney of said county, or both, upon notice from the board, shall appear for such board and defend such appeal. A motion to dismiss said appeal may be filed by the defendants, if it be not perfected in time, but no further pleadings shall be required and the allegations of such complaint shall be deemed denied.

The appellant shall have the right to inspect and obtain copies of any of the proceedings, papers and records in the office of said board, or under their control, applicable to or affecting such hearing and appeal. Such appeal shall be placed on the advance calendar and heard as soon as possible, and if the court be in vacation, the same may be heard at any time by the judge thereof, or by any other judge designated and appointed by him in the same manner and with the same effect as if all such proceedings were conducted in term.

The court shall hear and conduct said appeal de novo as a civil action upon all issues, and either party shall be entitled to offer all competent evidence relevant thereto, and the court shall be governed in all other respects by the procedure and rules governing the trial of all civil causes, except that such appeal shall be tried and decided solely by the court, and either party may have a change of judge, but there shall be no change of venue from the county. The court shall make a general finding and render judgment thereon, and shall have the power to reverse, affirm or modify in whole or in part the decision and order appealed from, and a certified copy of such judgment, when final, shall be filed with said board who shall enter the same of record, and in all

things comply therewith. Either party to such proceedings may appeal from the decision and judgment of such court to the Appellate Court of Indiana, as in other civil causes, and such appeal shall operate as a stay of such judgment until finally determined.

No decision of the board suspending or revoking any license will become effective until the expiration of the period of thirty (30) days and in the event of any such appeal to the lower court, or thence to the Appellate Court by either party, such decision shall not become effective until any such appeals are finally determined.

Pending any proceeding to suspend or revoke any license or any appeal from any decision therein, every person affected thereby shall continue to comply with this act and such compliance may be enforced then and at all other times by any appropriate action in the name of the State of Indiana which shall be filed and conducted by the Attorney-General upon written request of the board.

Treasurer of Board—Bond—Fees Collected—Disposition—Educational Fund—Appropriation.

Sec. 12. All fees collected under the provisions of this act shall be paid to the treasurer of the board, to be used for the purpose of defraying the necessary expenses of said board in the administration of this act, and the treasurer of said board shall give bond in a penal sum to the approval of said board for the faithful discharge of his duties and safe keeping of its funds. The sum of one dollar out of each original embalmers' license fee or renewal fee and the sum of one dollar out of each funeral director's original license fee or renewal fee shall be set aside by said board in a separate and special fund which shall be designated the "educational fund of the Indiana board of embalmers and funeral directors," which fund shall be expended by and in the discretion of said board to carry on educational work among the embalmers and funeral directors of Indiana, and no unexpended part of said educational fund shall revert to the general fund of the state of Indiana. Any balance or balances remaining in said educational fund from funds deposited by the state board of embalmers and funeral directors prior to the passage of this act is hereby transferred to the special educational fund herein established and reappropriated for the purposes herein set out.

All money accruing to the state board of embalmers and funeral directors by virtue of the provisions of this act is hereby appropriated to the state board of embalmers and funeral directors and shall be expended for the purpose of meeting its educational fund charges and defraying the expenses incurred in the enforcement and administration of this act, and shall be allocated for personal service and other operating expenses, by the state budget committee, as nearly as practicable in the ratio that the personal service appropriation and the operating expense appropriation is made by the Budget Act of 1939 bear to each other.

Reciprocity.

Sec. 13. The board may or may not, in its discretion, recognize licenses issued to embalmers or funeral directors by state boards of embalmers and state health authorities of other states and may, under such regulations as the board may prescribe, issue to the holders of such licenses the embalmers' or funeral directors' licenses herein provided for.

Penalty for Violation.

Sec. 14. Any person violating any of the provisions of this act shall be guilty of a misdemeanor, and upon conviction thereof, shall be fined in any sum not exceeding five hundred dollars; and to which may be added, in the discretion of the court, a sentence in the county jail of not more than twelve months. And it shall be the duty of said state board of embalmers and funeral directors, to, with all lawful means, aid in the prosecution of violators of this act.

Severability.

Sec. 15. If any clause, sentence, or paragraph or any part of this act shall for any reason be adjudged by any court of competent jurisdiction to be invalid, such judgment shall not affect, impair or invalidate the remainder of this act, but shall be confined in its operation to the cause, sentence, paragraph or part thereof directly involved in the controversy in which such judgment shall have been rendered.

Repeal.

Sec. 16. All laws and parts of laws in conflict herewith, including Chapter 62 of the Acts of the General Assembly of 1923, as amended, are hereby repealed.

State of Indiana

BOARD OF EMBALMERS

and

FUNERAL DIRECTORS

Rules and Regulations

Approved January 1, 1946

The following rules and regulations are hereby adopted by the Indiana State Board of Embalmers and Funeral Directors, and the same shall be published for the information of the funeral directors and embalmers of the state:

Rule 1. Inspection certificate given by the board's inspector shall be on display in the preparation room or main office.

Rule 2. No funeral director or embalmer shall discuss the confidence, privacies, or secrets of the domestic life of any family he or she may be called upon to serve.

Rule 3. All changes of addresses of embalmers must be reported to the secretary of the board within thirty days from moving date.

Rule 4. All waste material from the preparation room (including drainage, cotton, old cloths, et cetera) shall be burned or put into septic tank or underground sewer.

Rule 5. The employment by a licensed funeral director of a person or persons on part or full time, for the express purpose of making contracts for securing business, shall be considered by this board as a violation of Section 5, Sub-section (g), of the Indiana State Embalmers' and Funeral Directors' Law, approved March 10, 1939. The payment of a commission or an agreement to pay a commission, or the giving or promising to give any money or other thing of value, to any person or persons for the solicitation of business directly from relatives or next of kin of deceased person or persons about to die, or the direct solicitation of business on the part of licensed funeral directors and licensed embalmers, shall also be considered a violation of said section of said act, and therefore prohibited.

Rule 6. THE SOLICITATION OF HUMAN BODIES AFTER DEATH, BY ANY LICENSED FUNERAL DIRECTOR OR LICENSED EMBALMER, AGENT, REPRESENTATIVE, OR PUBLIC OFFICIAL TENDS TO INFLICT UNNECESSARY GRIEF AND EMBARRASS-

MENT ON THE BEREAVED, AND IS CONSIDERED UNPROFESSIONAL CONDUCT, AND THEREFORE PROHIBITED.

Rule 7. Any application for embalmers' license must be accompanied by affidavit supporting the fact that applicant has been a resident of the state of Indiana for two years immediately prior to filing of application.

Rule 8. To better protect life and health of the citizens of Indiana, and for the better prevention of the spread of contagious and infectious diseases, it is ordered that all licensed funeral directors, licensed pursuant to the provisions of Section 7, of the Indiana State Embalmers' and Funeral Directors' Law, approved March 10, 1939, who are not themselves licensed embalmers, shall have in his or their employ continuously, a licensed embalmer licensed in the State of Indiana.

Rule 9. For the purpose of completing the records of the board, and assuring the profession in each case where a partnership is formed, and an application made for a funeral director's license, that it is a bona fide partnership, it shall be necessary that said applicants file with the board as a part of the application, a certified copy of the partnership agreement which has been filed with the clerk of the county in which the partnership is to be established.

Rule 10. Any embalming school or embalming college will be accepted and accredited by the Indiana State Board of Embalmers and Funeral Directors as a recognized school, provided said embalming school or embalming college shall require of all its students the completion of a high school education before matriculating therein, and shall also require of all students the completion of not less than a 52 weeks' course which shall be a continuous course uninterrupted, less the regular legal holidays occurring in academic colleges; that said course above referred to shall be following in regular continuity from the date of entrance of students to the date of their graduation, the course to be so designed that no part of the course is given in repetition.

(Reference--Section 6. Subsection (c), of the Indiana State Embalmers' and Funeral Directors' Law, approved March 10, 1939. The one year's course referred to therein shall be considered by the board to be a 52 weeks academic course.)

The curriculum of a school or college of embalming to be recognized by the Indiana State Board of Embalmers and Funeral Directors shall comply with the subjects and hours established and set out in the requirements of the Indiana State Board of Embalmers and Funeral Directors, and must be complied with by all embalming schools or embalming colleges desiring accreditation and recognition by the Indiana State Board of Embalmers and Funeral Directors. Each college must notify the board the names of students which are enrolled in their school that will take the following examination.

Rule 11. All premises in which the business of funeral directing is conducted or where embalming is practiced, shall be maintained in a clean and sanitary condition. An operating or embalming room shall be

maintained with painted (not papered) walls, and tile, linoleum or cement covering the entire floor. The top surface of the operating table shall be of glass, metal or porcelain, and the openings leading from the operating room shall be tight closing doors (not curtained), for the purpose of the better protection of the public and especially those who need to be about the building in their usual employment. The operating or embalming room shall be used only as such, and not for storage purposes, et cetera. All openings, windows, et cetera, into the operating room shall be permanently obscured from exterior view. The public shall not be permitted in the operating room during operations.

Rule 12. Any person licensed as a funeral director in the State of Indiana is hereby prohibited from sharing his establishment, furnishing funeral equipment, rendering personal service, or in any way entering into any arrangement or partnership agreement with anyone who is not at the time of such above mentioned service, arrangement or partnership a duly licensed funeral director, or is not himself maintaining a place suitable for the care, disposition or disposal of dead human bodies.

Rule 13. Pursuant to the provisions of Section 4, Sub-section (e) of the Indiana State Embalmers' and Funeral Directors' Law, approved March 10, 1939, an individual licensed as a funeral director is limited in his operations as such, to the place designated in the records of the board as the location of his business. In the event that the individual ceases to operate or otherwise hold himself out as operating at the designated place registered with the board, his funeral director's license shall cease to exist. The individual, or individuals, so licensed shall be required to apply to the board, on forms prescribed by the board, for a change in the designated place of operation of his, or their, original funeral director's license.

Rule 14. Funeral directors' licenses issued to persons in Indiana are not transferable or salable, and have no financial value as exchange, or bear no property right, and are subject to the conditions as set out in Rule 13.

Rule 15. Applicants wishing to start in a funeral directing business in Indiana, or to change the location of a funeral directing business, shall be prohibited from locating the business less than one square from any public hospital, or within a reasonable seeing distance by the patient in the hospital.

Rule 16. All subject retake embalmers' examination must be written, the examination following the one failed.

Rule 17. Pursuant to Section 5, Sub-section (g) of the Indiana State Embalmers' and Funeral Directors' Law, approved March 10, 1939, the following practices, acts, or omissions shall be considered unethical and therefore grounds for suspension or revocation of licenses:

(a) False or misleading advertising as a funeral director; advertising or using the name of an unlicensed person in connection with

that of any funeral establishment; advertising superiority of service or equipment; or advertising in or about a hospital.

(b) Gross Immorality.

(c) Solicitation or acceptance by a licensee of any commission or bonus or rebate in consideration of recommending or causing a dead human body to be disposed of in any crematory, mausoleum or cemetery.

(d) Refusing to promptly surrender the custody of dead human body upon the express order of the person lawfully entitled to the custody thereof.

(e) Failure to secure permit for removal or burial of a dead human body prior to interment or disposal.

(f) OBTAINING POSSESSION OR EMBALMING A DEAD HUMAN BODY WITHOUT FIRST BEING EXPRESSLY DIRECTED OR DULY AUTHORIZED TO DO SO BY A RELATIVE OF THE DECEASED PERSON.

Rule 18. Pursuant to Section 9 of the Indiana State Embalmers' and Funeral Directors' Law, approved March 10, 1939, the following fees shall prevail:

(a) An examination fee in the amount of \$10.00 shall be required of each applicant taking the examination for embalmer's license.

(b) A fee of \$5.00 for the annual renewal of each embalmer's license shall prevail.

(c) An examination fee in the amount of \$10.00 shall be required of each applicant taking an examination for a funeral director's license.

(d) A fee of \$5.00 for the annual renewal of each funeral director's license shall prevail.

Rule 19. The following rule and regulation shall apply to all examinations for funeral director's license and embalmer's licenses conducted by this board. Immediately prior to an examination the board shall determine the grade to be attained by the applicant and designate same as being the passing grade. In addition the board shall determine the number and name of subjects upon which the applicant is to be examined immediately prior to each examination. The board reserves the right to change the method and subject matter of its examinations. In order to receive a funeral director's license an applicant who has successfully passed the funeral director's license examination must establish himself in the funeral business within 90 days from the date of notification of his passage of said examination.

Rule 20. Pursuant to the provisions of Section 4, Sub-section (e) of the Indiana State Embalmers' and Funeral Directors' Law, approved March 10, 1939, the following shall apply relative to dissolution of partnerships:

Upon dissolution, the individual licensees shall appear before the board at a time and place designated by the board, for the purpose of determining their status regarding the continued operation as individual licensees in the State of Indiana. The board may then take such action as it may see fit regarding the status of the licensees involved. Funeral directors' licenses cease to exist upon the dissolution of a partnership.
